KKCF is an Australian based charity which has been helping  
relieve poverty in Sri Lanka since 2004.

We have managed a children's home from 2008-2017;  
developed an ongoing agricultural project, giving  
employment to local villagers; assisted in supplying fresh  
water and created a community centre/library in the  
remote northern area of the country which is still  
recovering from a 30 year civil war; taught English to many  
young students; and delivered goods and joy to many in  
need throughout the country.

We are now seeking sponsorship to help students  
undertake tertiary education such as nursing, accounting,  
human resources, engineering and other courses. Some of  
these young people have been in our care for several years.

Funding will cover course fees, accommodation and living  
expenses. With your support these young people have the  
opportunity to become leaders in their community.
